

“I am Catholic” Cards

The attached template can be used to create “I Am Catholic” cards for anyone who may wish to keep one in their wallet. It also has a line for them to print a contact number for a family member.

Printing these cards requires business card sheets that are available at stationary stores. The sheets can be ordered online from Staples at a cost of under \$15 for 25 sheets (10 cards per sheet). This works out to approximately six (6) cents per card.

Anyone may open the linked PDF document and save it to their computer. They may then print as many sheets as they need.
